KEYNOTE SPEAKER

**WAYNE KLINGER
SEPTA CYBER SECURITY MANAGER**

The mysterious Deep Dark Web. Do you know the history about DARPA and how the internet first started? If not, Mr. Klinger will explain why the “*Dark Web*” is called the “*Deep Dark Web*”; Government agencies that patrol it; and, how your stolen information gets traded and how to keep it safe. You will learn how to access the dark web with the “TOR” browser and hidden “VPN” software. This is a session you don’t want to miss!
